COMMENT

さらちょみ

Sarachi Yom

A big fan since the release of the game, I'm honored to have drawn the cover for the Danganronpa Anthology. I have confidence that I can follow whatever order Byakuya–sama gives me.

ルーほん

Vonan

Anime Monokuma moves so squishy and he's so cute! If I was able to capture that in my comic...! I am also anticipating Togami-kun's performance. \((^ \sqrt{}^ \cdot) \)

赤人

Aliahi

The game involves pretty cruel depictions and extravagant voice actors, so an anime adaptation must be difficult. Or so I thought, so I've been watching every week with a wide grin on my face! Overflowing with excitement, I even anticipate to see an animated Nanami from SDR2 (I'm way too hasty).

桑原草太

Umahara Col

I've been a big fan since the game, but for the anime, the moving and talking Headmaster Monokuma was just so so cute and I just...!

I was able to have so much fun drawing him!

Thank you very much!

無糖党

Muto Tamui

I was able to draw a story about Maizono-san and had so much fun. She was a character I steadily and gradually grew to like.

霧世ころは

Hiritomo Coroba

Nice to meet you. I was happy to draw Owada-kun and Fujisaki-san who were always in the same place together, even in the original game. I wonder if Fujisaki-san is the one following Owada-kun around! They're such an odd couple, and I love them.

ら.濃すぎ

S Hosun

My sincere compliments to the anime adaptation and anthology release. I'm watching every week, as if to sink my teeth into the television!

砌谷太太

Kamina Zuzu

I get so excited whenever I hear the voice of anime Fukawa, so I would really like to EXTREME with her in Reload already. ...I never imagined that, not only would my my wildest dreams come true, but that there would come a day I would get to draw Genocider and Togami as well...!

mercre

Merukuri

I love Celes-san, so I was very happy to draw her. Thank you very much for reading my comic.

つわみし

Tsuneuosh

This is a game I've loved since long before, so I had a lot of fun drawing it! Everybody is moving and talking in the anime, so I feel so emotional when I'm watching! I love the friendship between Sakura-chan and Aoi-chan.

水野早松

MIZDED SAD

During gameplay, I was always gazing at Kirigiri–san, but in the anime, the animated Asahina–chan was just so cute, I couldn't take my eyes off her. There is a pool, so I think Asahina–chan should be shown in her swimwear more often!

きんぎん

Vincin

During this time, I was able to draw Chi-tan, and so I was utterly happy. At this point, I am intoxicated by the anime staff (currently at Episode 3), so I will buy the complete Blu-ray set and prepare for the anime adaptation of SDR2.

梅津葉子

וולפת עלפת

The first time I played the game, I was struck by grief when my character of choice, who I was determined to chase after during the free-time event, left the stage, and all my waifus kept dying one after another.... Which I sometimes called my friend to talk about. I love Chi-tan.

加目あご

Uduki Asa

Monokuma from the game was really cute too, but in the anime, he got to move and talk, which made him even cuter. Each and every character is really charming and cute, so I had a lot of trouble deciding who to draw. I had a lot of fun drawing them.

田蓋のりま

isukuntani Koro

As a long-time fan since the original Danganronpa game, congratulations on the anime adaptation! I drew with Kirigiri-san as the main character this time. I would be happy if you were able to enjoy it, even a little.

桃井凉太

Momoi Ruot

Congratulations on the anime television broadcast! Subsequently, I ask that the Zero light novel and SDR2 get an anime adaptation as well...!

冬野みかん

Fuuuno Mik

Yamada-kun was way too fun to draw, and Chihiro-chan was just so cute, I had a lot of fun drawing him as well! Also, I can't be the only one who was so excited to see the Class Trial and punishment play out in the anime that they kept replaying Episode 3 over and over again...

植十号

Taneiuun

I had so much fun drawing the comic, thank you so much! I only regret that I didn't get to draw all the characters...... Watching Naegi-kun and the others moving around in the anime made me love them even more than I did in the game!

喜来ユウ

Hirai Yi

Watching the anime, the first thing that had a huge impact on me was Yamada-kun's body proportions. For some reason, I was under the impression he was about a similar size to Monokuma so... He was a lot more massive than I expected...

堀口レオ

Horiouchi Ren

I am enjoying the anime every week. Sometimes I watch it with my son, even as I try to avoid the gruesome scenes, but the name that stuck with him the most is "Sakura Ogami–chan". Yup, he's definitely my kid.

タカムラマサヤ

Takamura Masaua

Anime Celes and Monokuma are so cute, I'm agonizing over them every week. As I was drawing the manga, I realized I actually like Hagakure-kun the most. I want to draw Hagakure-kun's hair to rever!

白羽奈尾

Shirahane Nao

I've loved Danganronpa since the original game, so I was deeply moved by the high quality reproduction and full voice-acting! I had a lot of fun drawing Sakura-chan~ But her skirt is too short, so her father must be worried...!

きゅん吉

luunkichi

I'm deeply moved to see the characters of Danganronpa animated!! I am especially fixated on Kirigiri-san and Fujisaki-chan...
